Sub:- Establishment - Temporary - South Kanara Division - Grow More Food Sub Division, Mangalore - Continuance of.

Ref:- G.O. Ms.No. 1190, dated 29-3-1955.

--oOo--

In the G.O. cited sanction has been accorded to the continuance of the Grow More Food Sub Division, Mangalore for a period of two months from 1st March, 1955, instead of, for the full year (1955-56) as asked for by the Chief Engineer (General) in his proposition statements submitted to the Government in his No. 331-E.II-2/55-3, dated 9-2-1955. The Government have stated in their G.O. cited that if further continuance of the staff is required, it should be supported with the details of the progress of works completed and yet remaining to be done, etc. I now forward herewith a copy of the statement received from the Superintending Engineer, West Coast Circle furnishing the particulars required by the Government. The Superintending Engineer, has asked for the continuance of the Special Staff till 28--1956, for the investigation of the various schemes referred to. But I consider that the staff may be continued for another six months only in the first instance, and that the question of continuing it further may be examined later, with reference to the position prevailing then. I therefore request that sanction of the Government to the continuance of the special staff of One Assistant Engineer and Five Supervisors for the G.M.F.Sub Division, Mangalore for a period of six months from 1-5-1955, may be obtained and communicated to me.

The Sub Division will be continued beyond 30-4-1955, in anticipation of sanction of the Government, and I request that

B | that my action in allowing the continuance of the Sub Division may be ratified.

T. V. Narayana Murthy.
